

STORM'S WORK

In the Towns and Villages in Missouri and Illinois.

A Threatened Storm Gave the People of St. Louis a Terrible Fright.

It Passed Away, However, Without Damage. The Number of Missing Persons Increasing—Precipitation Taken to Prevent Vandalism.

St. Louis, June 2.—Shortly before two o'clock Monday morning the two storm cities, St. Louis and East St. Louis, received a thorough soaking. A storm came up from the southwest, accompanied by low rumbling thunder and almost continuous flashes of lightning. Then a few minutes later big black clouds appeared on the northern horizon and rolled up until they covered the city. There was considerable wind, though nothing approaching a hurricane or tornado. The elemental disturbance lasted for nearly an hour and then became slower, drizzling rain, which had increased to a downpour at ten o'clock Monday morning.

The work of clearing away the ruins being carried on in a more systematic manner, but the rain makes the work all the more difficult.

Prof. Bauman, an expert insurance adjuster, of Chicago, is in the city and, after looking over the field, he said the total loss will foot up over \$300,000. Prof. Bauman estimates the losses caused by the Louisville tornado about \$500,000.

A mass meeting of citizens has been called for Tuesday afternoon to consider the advisability of appealing for outside aid for the relief of the storm sufferers.

One of the peculiar features of the storm is the appalling list of missing persons. Reported to police authorities up to Monday morning, 124 persons are reported missing. The police are inclined to believe that many of these will be found with relatives in other portions of the city.

The situation in East St. Louis is one of gloom and misery. There is some fear of an epidemic among the homeless near the river. Under the ruins is a vast quantity of decaying animal and vegetable matter which is sending pestilential clouds up through the debris. The sufferers are weak from exposure and exertion and are in no condition to fight the germs that is breeding on the island. Another problem is the almost unanimous refusal of the sufferers to accept military belongings and occupy the military tents which have been pitched at Brighton. In spite of the presence of the militia they are not safe and refuse to leave unprotected all their earthly belongings.

Chief of Police Gahan has taken extreme precautions to prevent vandalism and early Monday morning 150 troops were rounded up and driven out of town.

No additions are reported to the death list up to ten o'clock Monday morning.

Known dead in St. Louis, 190; unknown in East St. Louis, 3; fatally injured in St. Louis, 117; known dead in East St. Louis, 117; known dead in East St. Louis, 3; fatally injured in East St. Louis, 3. Total fatality, 493.

The chairman of the four relief districts established in the southern portion of St. Louis, each received \$5,000 from headquarters yesterday morning for immediate distribution. Such clothing and supplies as were at hand were divided among the wagons and sent to the districts. In many cases, there to be given out as called for.

What is needed most is shoes, handkerchiefs, children's clothing and baby underwear. Necessary dry bedding and coats, together with dry bedding, are also much called for. The additional damage caused by the weather resulted in the issuing of an order prohibiting the operation of any electric lights in the district south of Elm and west of the levee.

At several points in the ruined district the people of the neighborhood claim there are bodies and that the extent of the tornado's destruction is not fully known. The reports are well founded, and the officers of the police are not clearing up the ruins. The situation as to street car service is steadily improving. All lines are now running except South's Cherokee, Town Grove and California avenue branches of the Union Depot Railway Co.

The convention auditorium has been repaired and was turned over to the business men's league Monday. No additional bodies have been recovered from the ruins up to one o'clock Monday afternoon either here or in East St. Louis. The death rate at the hospitals in both cities has not increased since Saturday and the injured are reported doing as well as can be expected.

The funerals of 127 tornado victims in St. Louis have taken place so far, and it is estimated that at least twenty more were interred Monday afternoon. The extent of the tornado's destruction work here and in East St. Louis has overshadowed the losses sustained in adjacent towns in Missouri and Illinois, and no accurate lists of the killed has been made. A careful compilation from all sources would be outlying towns by the tornado:

Location	Killed	Injured	Property Lost
St. Louis	190	117	\$300,000
East St. Louis	3	3	\$5,000
St. Charles	1	1	\$10,000
St. Louis	1	1	\$10,000
St. Louis	1	1	\$10,000
St. Louis	1	1	\$10,000
St. Louis	1	1	\$10,000
St. Louis	1	1	\$10,000
St. Louis	1	1	\$10,000
St. Louis	1	1	\$10,000
St. Louis	1	1	\$10,000

The total losses in Randolph and Andrew counties will amount to \$300,000 additional. Loss on crop and farm property is estimated at \$1,000,000.

AT MOSCOW.

The Killed in Saturday's Disaster Numbers About 3,600.

Number of Injured Taken to Hospitals, One Thousand Two Hundred.

All the bodies of the victims buried—About Half the Dead Were Identified—All Identified Dead Filled Six Trains Fifty Yards in Length.

Moscow, June 2.—Every effort is being made to clear the Hodynaya plain of the dead upon who lost their lives in the frightful disaster of Saturday. Monday a number of bodies were found on the edge of the plain and in the villages around. These dead were injured and crawled until death overtook them.

The functions in connection with the coronation festivities are being given as though nothing had happened. The pleasure resorts are open as usual. Many of the Moslems dance about while the dead were lying around.

It is stated that large numbers of the injured refused to go to the hospitals. The mob stood by the corpses and received the doles.

All the bodies of the victims were interred Monday. About half of the dead were identified. The unclaimed dead filled 11 trunks which were taken to the morgue. Monday night the city resumed its normal aspect and a stranger would not imagine that only two days ago one of the most frightful calamities that ever occurred in Russia had taken place just outside the city.

The Standard's Moscow correspondent estimates the number of dead at 3,000 besides 1,200 injured, who were taken to the hospitals. Most of the injured, he says, will die. The lower classes of the populace are intensely exasperated and language can be heard on the streets that at other times would cause the speakers to be severely punished.

The correspondent adds that when the police reinforcements arrived at the scene, as customary with them when dealing with the peasantry, they applied their whips and whistles, lashing the Moslems who were on the outskirts of the crowd. Two of the Moslems were dragged from their horses by the enraged soldiers and killed. Eight gendarmes were caught in the crowd, knocked down and suffocated.

OREGON ELECTIONS.

The Free Silver Candidates for Congress Elected—Senator Mitchell Likely to Succeed Himself in the Senate.

Portland, June 2.—Owing to the exceedingly slow count it is very difficult to forecast the result of Monday's election, but returns up to this hour indicate that ex-Governor Pennington will be elected mayor of Portland. Congressman Ellis (rep.), the free silver candidate, beats Korthorn, who carried money by about 5,000 in the second congressional district.

In the first congressional district Vandenberg, free silver popular, holds a plurality of 500 over Tongue (rep.).

Indications are that the free silver candidates will triumph and that Senator Mitchell will succeed himself in the United States senate.

Relief for Storm Sufferers.

CHICAGO, June 2.—Mayor Swift Monday afternoon issued a proclamation to the people of Chicago setting forth the want and suffering of the survivors of the tornado at East St. Louis and calling for subscriptions and supplies. He says that outside assistance is not required in St. Louis, but reports from East St. Louis and other localities indicate great distress. Elbridge C. Keith, president of the Metropolitan national bank is appointed treasurer, but donations of food and clothing will be sent direct to the mayor of East St. Louis.

Fifty-four years he was in the army. He resided in Washington until several weeks ago.

The present extent of his known pecuniary losses is \$80 in gold. Superintendent Cade has been ordered to at once enter suit on the bonds of Chanfrau and Pipkin for their shortage.
